- Firebase
- Virtual Box

### Teamwork Skills:

- Problem-Solving
- Team Collaboration

### Language Skill

- **Amharic:** Native
- **English:** Proficient

## EDUCATION AND TRAINING

- ❖ **Bachelor of Science in Computer Science**  
St. Mary University, Addis Ababa, Ethiopia  
**Expected Graduation:** 11/2025

## SUMMARY

I am a 4th-year Computer Science student with a strong passion for Android app development and cybersecurity. Skilled in building applications with modern tools like Android Studio, I am committed to delivering creative and game changing solutions. I also possess excellent communication skills, a team-oriented mindset, and a dedication to continuous learning.

## EXPERIENCE

### Team Projects

- **Responsive Game Shop Website:** Created a website similar to Steam using HTML, CSS, JavaScript, and XAMPP MySQL for the database.
- **Student Management App:** Developed a Java GUI application to manage student records and activities.
- **Hospital Management App:** Built a hospital management system using C# and XAMPP MySQL to handle patient and staff data.
- **Voting App:** Designed and implemented a voting system using C# and XAMPP MySQL.

### Personal Projects (In Progress)

- **Restaurant Ordering App:** Developing an app with features like a cart, payment gateways, and user reviews.
- **Todo App with API:** Building a task management application with add, update, and delete functionalities.
